Solo Exhibition on The Arctic in Blair Academy's Romano Gallery

BLAIRSTOWN, N.J.—From October 23 to November 17, 2012, the paintings of artist Marcia Clark will be on display in the Romano Gallery at Blair Academy's Armstrong-Hipkins Center for the Arts, located at 2 Park Street in Blairstown, NJ. An artist's reception will be held at 7 p.m. on Thursday, November 8. Admission is free and open to the public. Normal gallery hours are Monday through Saturday from 10 a.m. to 6 p.m.

The exhibition features Arctic landscapes visited on journeys to Greenland, Iceland and arctic Norway. The glaciers, icebergs and ensuing detritus convey the very omens that currently haunt us, as Ms. Clark witnesses ice, appearing solid as a mountain, deconstruct, melt or suddenly vanish. Ice, in its fragility and beauty, and the arctic winter, with its vibrant electrically charged night skies, are the focus of this show, in small studies on aluminum, Mylar and canvas, and larger works incorporating multiple panels and mixed media.
